“ I have so many fond memories of Bill but perhaps the ones closest to my heart are those of he and I working together in my little demo studio, Underground Recording. Whether it was with Sharp Tooth, Wrecking Crew or the Praise and Worship band from the church we attended together, it was ALWAYS special. Not only his bass guitar playing. Not only his singing. And not only his brilliant engineering and producing skills, but his genuine love for the Good Lord. I can't tell you how many discussions we had about God and His precious love. Rest in peace my dear brother Bill. I'll catch up with you a little later. Say a big hello to my Savior, Jesus Christ of Nazareth.
